Synopsis:

This course has seven Modules of learning from the heart to the heart of God. Each module will essentially be a journey of your soul to your God through practical spirituality that is more about reawakening God's Feminine and Masculine energies to self heal all that was lost and broken by man's inhumanity to fellow mankind.

The course is not about embracing God through academia but more from an holistic way of life that has stood the test of 8000 years of spiritual learning based on the Therapeutia Essene's of Alexandria and Mount Sinai combined with the Mayan's and Inner Faith Franciscan's Tree of Life.

THROUGH THIS ONLINE PRACTICAL COURSE, YOU CAN LEARN TO HEAL YOURSELF AND OTHERS BY USING THE POWER OF YOUR MIND TO INVITE AND INVOKE THE ANGELIC ENERGIES ASSOCIATED WITH THE ANGELIC HEALING BAGUA. THIS IS A DIVINE BLUEPRINT GIVEN TO BROTHER SEAN IN 1999 TO SELF HEAL FROM MENTAL ILLNESS.

Feedback from our Students

An Oblate is a trainee lay monastic who has been guided by their heart to find a spiritual

family where they can be empowered to study different religions and forms of spirituality

without dogma of judgment. I was guided to the Tau Community through many visions of St Francis, Jesus and Magdalene. I joined the community 4 months after the passing of my husband and felt from the minute that I walked into the Monastery Of St Francis in Storth that I had finally returned home.

Becoming an Oblate has changed my life! I have lived a spiritual life for many years now, but becoming an Oblate has made it official. It has given me the dignity which my heart had longed for. It has given me understanding not only of spirituality and religion but also of my own road to self realization. I took temporary vows in January this year and took a vow of Providence. I was asked to complete my own Rule of Life and when asked to do that, it was as if all of my life had just slotted into place from as far back as I can remember. The community are a wonderful family, there is always support, love and guidance on hand from any of the members.

Becoming an Oblate has confirmed to me that the only way to live my life is to come from the heart. Once you learn to do this then life becomes far simpler and more positive. The modules really encourage you to go deep within your

heart which ultimately will lead you back home to God. The love, support and guidance from the Elders of the Community is fantastic.

Would I recommend anyone join us as an Oblate??? Absolutely!!!! If you are looking to find your way back to God then this is the best way that I can recommend. The Tree of Life Course which I completed as part of my 6 months probation as an Oblate made all of the above possible.

Sr.Di xxxx

Hello there, my name is Fiona watt. (Sr Fee). Well I have to say that I did not consciously intent to become an oblate. I think it was this sneaky plan that God had for me all along that I did not even know about. A friend of my family who is a member of the Tau community said I had to come along and meet this man called Br Sean. I had never heard of the Tau community before.

I immediately thought, oh no religion!! I am not a religious person, that may sound funny coming from someone who has done the tree of life course and is now doing the three year seminarian course but I am not a religious person. Spiritual yes, I have a great spirituality and always have as far back as I can remember and I respect people and their faiths.

I do believe in God and Jesus though and they have always been a strong part of my spirituality.

One of the things I like about the Tau family is that it is interfaith, embracing all and none, allowing each person to follow their own path in life on their spiritual journey. Any way I went along to meet Br Sean who greeted me at his door with a huge bear hug which he is very good at giving and his lovely dogs running round his beautiful garden, tails wagging welcoming licks. It was strange as I was totally out of my comfort zone but I felt as though

I had come home.

From then on I sort of got swept along with it all. I followed what my heart was telling me and not my head and suddenly I was doing the tree of life course. It was not always an easy journey I admit, in fact it was sometimes downright difficult as I was discovering things about myself and my experiences that I had hidden and ignored for a long time.

Br Sean told me it would be a healing experience and I doubted him as it did not feel like a healing experience at all at times but it really was. I have emerged from it a more confident, stronger, settled person who now embraces my spirituality fully and has healed and still is healing my inner child who can be a bugger at times.

I could not cope with my inner child before but it is as though doing the tree of life course and Br Sean's teachings gave me the tools and insight to address her for the first time ever.

During the oblates tree of life course and the teaching I received I had many times of such amazing feeling run through me, like a light running through my whole body and embracing me.

Brother Sean's Healing Ministry

It was as though my spirituality had been slumbering a bit and joining the Tau community and doing the TOL course woke it up. I also learned so much about Jesus and Mary Magdalena and it confirmed what I had always known that Mary Magdalena was so much

more important than the bible and church made her out to be. I connected with my guardian angel fully for the first time during the tree of life course and it was a hugely wonderful totally surprising experience.

I would certainly recommend becoming an oblate and doing the tree of life course, for me it changed my life entirely for the better and it continues to improve and I continue to learn every day.

It is good to be a member of the Tau family, and being an oblate makes a person feel even more close a family member and it has so many wonderful benefits. I was supported by the other oblates and Br Sean during the course, so I never felt on my own. For me becoming an oblate and doing the tree of life course was a journey in self discovery, a great healing experience, a connection with Mary Magdalena and Jesus and such an enjoyment as the course embraces nature and the universe which are very important things to me in my spirituality. I really would recommend it to anyone.

Sr Fee Watt.

When talking about the early days of the Gorton Monastery I said 'Along the way we have been joined by many like-minded souls who I'm sure have been sent to us by the Angels when the timing was right and their skills were needed the most'. One of those special people was Brother Sean Bradley who was introduced to me when he came to do an Angels Workshop in Gorton several years ago. Sean is a gifted and inspirational teacher who, through his gentle and humorous style creates a unique healing atmosphere for his audience. The Angels brought love, joy and laughter to Gorton that day and I felt privileged to be in their company.'

His connection with the Master Jesus, Mother Mary, the Archangels and Saint Francis, has worked a miracle in keeping me well against the odds. I have long suffered from depression and mental illness, imbalance and self-absorption. Conventional medicines, remedies, talking therapies (CBT/CAT), Jungian psychotherapy and NLP, have not helped me near enough as Brother Sean's humble and definitive Essene approach, working with the Holy Spirit, and allowing Divine Guidance--along with time, since there is never a magic wand to recover--to heal where reason and often a fallible one size fits all NHS approach could not, but merely suppress or contain difficulties until they had straightened, but never resolved, quietened but functioning with all the trash dug deep.

All truly great healers and sages are incredibly humble people, and those with the greatest insight into the mysteries and realities of the world, have inevitable suffered the most. This equips them to change their world and in so doing improve our own, and it is from them that truly great things can be carried forth in those that they help and the ideas that they help to spread, as lives begin to change. I have benefited from his expertise in healing, his work with Jesus-Miriam [bio-energy healing] oils and his great compassion that radiates from his aura, his hands and his loving eyes. When it seemed life would not improve, when I was fast losing hope, when I was not really living but existing as a man abandoned, isolated and near the borderlands of out and out psychosis--Sean's healing and daily affirmations and prayer prescription has helped me to restore my Spirit and give me back my spark which had dimmed through many life traumas and negative experiences. Sean has given me the power to reclaim hope and trust that all will be well if I embrace Jesus and the Brotherhood of the elect...

He also actively proves through his inter-faith work with the Tau Community of St. Francis, and his visionary--though frankly sensible and realistic plans for simplicity and ecological sustainability at a community and local level [and the use of the fabled Essene Angel Bagua], that beautiful days full of creativity and promise are available to us all. He is truly a living embodiment of the True Religion that is the Imagination, tempered with patience and love.

He has given me hope that there are good human beings out there. And while no one is perfect, there are those who devote their lives to serving others in need and selflessly

What I have learned from Sean has helped me to rehabilitate and I see it as a turning point in my life. I sincerely do, as you so prophetically knew when we last met in person. Hello Brother Sean, Thank you for your touching note which arrived this morning, as I read your message I felt such love pouring out of the words you wrote that it brought tears to my eyes, your card is beautiful and the fact that it is handmade makes it even more special to me. I have felt a change in myself since my visit to Cumbria, I see things in a different light and thank Jesus daily for bringing me to you, I have always doubted my own spiritual awakening and constantly listened to my mind and not my heart. I don't know what happened when you gave me that healing but something inside me changed, I now want to FEEL my way back to God and Spirit and work with my heart and not my mind. I now feel able to believe in myself and love the spiritual being I really am, all doubt in my ability to serve Jesus is falling away and I know the guidance I ask for is being given, it has always been there but I was not aware of it. Your kind words have helped me yet again to learn to trust in my own intuition, it comes from the heart and the heart knows the truth. I will keep in touch Sean and want you to know just how much your prayers and kindness are helping me on my journey. In love and light. **Julie (Wrexham) 5/3/08**.

Hi Brother Sean, I can't thank you enough Sean for what you did for us all, I do feel more at peace and things that upset me don't really bother me that much now. Your wise words made me think long and hard... and I'm still thinking!! I really can't put into words how I feel... but thank God there is a walking Angel on this earth under the guise of a mad Irish man who doesn't take prisoners! Thanks for your kindness and Generosity of spirit and for the knowledge and wisdom you were so happy to share with us. God Bless **Pamela B 6th March'08**

Dearest Brother Sean - ye of the soothing voice. Just to say that I have managed to retrieve the recording you sent me and great wonders of holy wonders made it into a CD! I was at the point where I was totally surrounded by angels - what a vision and what a feeling of heat - when suddenly you stopped in mid flow. Batteries had run out - so I took that as a sign to "phone a friend" and meet for coffee and get replenished. It's been a tough week - but the sun shines and I am back focused on what really matters. Thank you again for the CD - just being asked to say - what am I thinking, how am I feeling, what is my body up to - was so spot on for me and I not only loved your style of presentation but the keyboard in the background - whew, where did that come from. Blew my tootsies off. So non intrusive yet you know it is there and well, for me, just right. With love and gratitude. Rev. Andrew (Spain) 29/2/08.

What a glorious experience. Thank you, Thank you. The First time I listened to your Angelic Therapy download, I was touched within my soul. I cried and could see and feel everything. What an amazing experience. I cherish and listen to both of them

Positive Feedback to Brother Sean's Retreats

Dear Sean, following my 7 days with you and the group at the Monastery, I am still feeling the peace within me. From start to finish, the place was my gift from "God." Magnificent, spectacular and beyond my wildest dreams. All the lovely people there, another way of life, the new friends and in my heart, knew I was meant to be there. As a woman with an open and embracing accepting heart, God put key people in my life to keep advancing me to experience being back in my spiritual home. His gift was mine for free; the greatest gift any human could have and a life that has no end. God wants us to live for the moment focussing on how we can share His love with others. To be true to the Light that is deep within me, holding on to my faith, hope and joy for life. I have an inner spark that kindles a light in everyone my life touches. To keep on flying with my highest dreams and believe they will carry me where I want to go. The highlight of my retreat truly moved me when we all gathered by the Red Sea on our last day, to bless each other with the waters from the Red Sea. The words, 'Blessed to be Chosen,' that exchange of energy together was truly a Gift from God to the Divine in each of us. **Sheila Mac (83 years young-Edinburgh).**

Neville and I, have been on a Spiritual Retreat to the Monastery. We also enjoyed the spiritual journey led by Brother Sean, 'the barefoot Angel man' who brought his own unique recipe to the week. An enclosed Franciscan monk, Brother Sean brought his gifts of humility and spiritual discipline to the group, a lesson in itself. It presents us with the challenge of balancing those characteristics with self-empowerment and stepping into our power. As a result I feel expanded spiritually in every way and feel blessed to have had the time to reflect, contemplate and meditate thus strengthening my connection to the Illumined Beings of Light, Sananda Jesus and Mary Magdalene in particular.
